Registration for the Pizza Box activity will close at the June Quiltmakers meeting.

Here's how it works:

Each month you will make one quilt block according to the pattern and directions in the box you are given. You'll have a different project to do each month, and at the same time, your box will be traveling to different members.

So, decide on a pattern and color scheme --- make just one block to bring in a pizza box to the June meeting! Include the pattern and instructions – be aware of copyright. Include the actual pattern, book, or magazine. Don't make a copy.

In a few months you'll have blocks for a throw, or a good start on your larger quilt.

What you will need:

- 1 large pizza box or other type of flat container, your name and phone # on the top
- A completed quilt block
- Pattern for your quilt block and written directions. You can include a link to a website or blog. If you know of a video tutorial, include the website for that as well.
- Add fabric (optional), if you would like to have a consistent piece of fabric throughout your quilt blocks. (For example, if you want the neutral in your block to be the same fabric throughout the quilt)
- Complete the brief form below to clarify your plans for the quilt

Each month you'll return a box to the meeting and take another for the next month. Please be responsible and finish each block within the month. If you cannot attend a meeting, please send the box with a friend who can receive your next project and bring it to you.

Include the following information in your Pizza Box:

Member name and contact info:

Name of block:

Finished block size:

Fabric preference (Civil War, Aunt Grace, modern, plaid, solids, etc.):

Color preferences (Add swatches of paint or fabric if you wish):

Optional Notes:
